NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD ENDED 30 JUNE 2019

1. Basis of preparation

The unaudited condensed interim financial statements for the Bank have been prepared under the historical cost convention except for the following assets and liabilities that are stated at fair values: financial assets at fair value through other comprehensive income, financial assets and liabilities at fair value through profit or loss and derivative financial instruments.

The unaudited condensed interim financial statements have been prepared in accordance with MFRS 134 "Interim Financial Reporting" issued by the Malaysian Accounting Standards Board.

The unaudited condensed interim financial statements should be read in conjunction with the Bank's audited financial statements for the financial year ended 31 March 2019. The explanatory notes attached to the condensed interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Bank since the financial year ended 31 March 2019.

The significant accounting policies and methods of computation applied by the Bank are consistent with those adopted in the most recent audited annual financial statements for the financial year ended 31 March 2019 except for adoption of the following new Malaysian Financial Reporting Standards ("MFRSs"), amendments to MFRSs, annual improvements to MFRSs and IC Interpretations which are effective for annual periods beginning on or after 1 January 2019:

i) MFRS 16
 Leases

 ii) IC Interpretation 23
 Uncertainty over Income Tax Treatments
 iii) Amendments to MFRS 9
 Financial Instruments - Prepayment Features with Negative Compensation
 iv) Amendments to MFRS 112
 Income Taxes (Annual Improvements to MFRS Standards 2015 - 2017 Cycle)

 v) Amendments to MFRS 119
 Employee Benefits - Plan Amendment, Curtailment or Settlement
 vi) Amendments to MFRS 123
 Borrowing Costs (Annual Improvements to MFRS Standards 2015 - 2017 Cycle)

The adoption of the above new standards, amendments to published standards and interpretation are not expected to give rise to significant impact on the financial results of the Bank, except as mentioned below:

MFRS 16 Leases ("MFRS 16")

MFRS 16 supersedes MFRS 117: *Leases* ("MFRS 117") and its related interpretations. Under MFRS 16, a lease is a contract (or part of a contract) that conveys the right to control the use of an identified asset for a period of time in exchange for consideration. MFRS 16 introduces a single accounting model for a lessee and eliminates the classification of leases by the lessee as either finance leases (on-balance sheet) or operating leases (off-balance sheet).

(Company No. 923693-H) (Incorporated in Malaysia)

NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD ENDED 30 JUNE 2019

1. Basis of preparation (continued)

MFRS 16 Leases ("MFRS 16") (continued)

i) Lessee

At the commencement date of a lease, a lessee will recognise a lease liability to make lease payments and an asset representing the "right of use" of the underlying asset during the lease term. Subsequently, the "right of use" asset is depreciated in accordance with the principle in MFRS 116 'Property, Plant and Equipment' and the lease liability is accreted over time with interest expense recognised in the profit or loss.

ii) Lessor

Lessor accounting under MFRS 16 is substantially the same as the accounting under MFRS 117. Lessor will continue to classify all leases using the same classification principle as in MFRS 117 and distinguish between two types of leases: operating and finance leases.

The change in accounting policies has been applied retrospectively from 1 April 2019. In accordance with the transition requirements, comparatives are not restated.

2. Auditors' report on preceding audited annual financial statements

The auditors' report on the audited annual financial statements for the financial year ended 31 March 2019 was not qualified.

9. Review of performance

The Bank registered higher profit before taxation for the financial period ended 30 June 2019 of RM26.3 million compared to RM17.7 million in the previous corresponding period, representing an increase of RM8.6 million or 48.3%. The profit growth was mainly driven by higher other operating income of RM4.6 million and lower allowance for expected credit losses of RM 2.8 million as compared to previous corresponding period.

Total assets stood at RM9,698.2 million as at 30 June 2019, compared against 31 March 2019 which was at RM9,649.7 million. The Bank's Common Equity Tier 1 capital ratio and Total Capital Ratio remained strong at 26.048% and 27.144% respectively.

10. Prospects

The global economy is expected to grow at a moderate pace, with the potential risks on continuing trade tensions, slowing down in major economies, as well as volatility in the financial and commodity markets. Despite the downside risks affecting the global economy, the Malaysian economy is expected to remain steady with the continued expansion in domestic demand supported by private consumption.

Amidst the moderate economic growth, the Bank will remain focus on its customer-based business by leveraging its established global network and transaction banking capacity. Through the on-going collaboration effort, the Bank aims to sustain its stable growth in its customers' base and position itself as a reliable financial institution that contribute to the sound economic development of both Malaysia and Japan.
