Our audits were made in accordance with **generally accepted auditing standards, procedures and practices in Japan** and all relevant auditing procedures as are normally required were carried out.

Based on our audits, we express the opinion that the above-mentioned financial statements present fairly the financial position of The Dai-Ichi Kangyo Bank, Limited as of March 31, 1999 and 1998, and the results of its operations for the years then ended in conformity with **generally accepted accounting principles in Japan** and applied on a consistent basis except for the change, with which we concur, in the method of depreciation on buildings as described in note 3.

The accompanying financial statements expressed in U.S. dollars have been translated into dollars solely for the convenience of the reader.
