The Japanese Secondary Offering by way of Over-Allotment as mentioned in “2. Issuance of New Shares by way of Offering (Public Offering)” for 195,600,000 shares of common stock of MHFG that will be borrowed by one of the Joint Lead Managers of the Japanese Public Offering from certain shareholder(s) of MHFG, after taking into account market demand for the offerings mentioned above and other conditions.

In connection with the Japanese Secondary Offering by way of Over-Allotment, the board of directors of MHFG has resolved, at the meeting held on Wednesday, July 1, 2009, that MHFG will issue 195,600,000 shares of its common stock to the Joint Lead Manager referred to in the previous paragraph (the “Allottee”) by way of third-party allotment (the “Capital Increase by way of Third-Party Allotment”), with the payment date set to be Wednesday, August 5, 2009, as set forth in “3. The shares of common stock of MHFG purchased through such stabilizing transactions may be used, in part or in whole, to return the Borrowed Shares.

In addition to the above, the shares of such common stock purchased through such stabilizing transactions may be transferred, in part or in whole, to the International Initial Purchaser for the purpose of settlement of shares in respect of the International Offering.

With respect to the number of shares obtained by deducting (a) the number of shares purchased through stabilization transactions and Syndicate Cover Transactions that are to be used to return the Borrowed Shares from (b) the number of shares to be offered in the Japanese Secondary Offering by way of Over-Allotment, the Allottee will accept the allotment under the Capital Increase by way of Third-Party Allotment and will
