Implementation of Mizuho's Transformation Program ~ Aiming at Sustainable Growth ~

Mizuho Financial Group, Inc. (Takashi Tsukamoto, President & CEO) hereby announces that it has launched the Transformation Program as the Medium-term Management Policy of our group ("Mizuho") over the next three fiscal years ending March 31, 2013 (fiscal year 2010 to 2012).

The repercussions of the global financial crisis, which started in 2008, are about to influence significantly the business environment surrounding financial institutions in various areas, including changes in social and economic structures and revisions of financial regulations. At this juncture, Mizuho will mark its 10th anniversary in September of this year. At this turning point, we have conducted a fundamental review of the current profitability, financial base and front-line business capabilities, and have identified a series of initiatives for further enhancement of these areas in order to respond promptly and appropriately to the new business environment, as well as to practice our group's "customer first policy".

1. The Vision of Mizuho

Mizuho's future vision is to become "the most trusted financial institution by its customers by focusing on the core function of a financial institution which is to contribute to social and economic development". In order to realize this vision, we will strive to further increase our corporate value through the implementation of the Transformation Program (detailed in the latter part of this press release) which consists of the following initiatives: strengthening of business areas with higher customer needs where we can leverage Mizuho's competitive advantage; improvement of financial soundness and asset efficiency; and evolution of our group's organization and business infrastructure.

2. Mizuho's Transformation Program

Program for Improving Profitability:

“Strengthen our competitive advantage”

Strengthen growth of top-line profits through strategic allocation of management resources, reduce costs and pursue efficiency through a vigorous business review

Program for Enhancing Financial Base:

“Strengthen capital base and improve asset efficiency”

Strengthen the quality and quantity of capital and improve asset portfolio

Program for Strengthening Front-line Business Capabilities:

“Strengthen front-line business capabilities through improving efficiency and optimization”

Downsize corporate management functions and improve efficiency of the business infrastructure, and strengthen marketing front-line that engages in customer relations

Program for Improving Profitability

Establish competitive advantage through strengthening of focused business areas and strategic allocation of management resources

(1) Business strategy

Strengthen top-line profits by thoroughly enhancing business areas where Mizuho has a competitive advantage and fields where growth potential is envisaged. In addition, strengthen fundamental profitability through capturing the various needs of our customers in and out of Japan as a strategic business partner while facilitating financing (Gross Profits (3 Banks): aim to increase by approx. JPY 100 Bn compared with FY2009)

Strategic expansion in business areas where Mizuho has strengths, including “the Tokyo Metropolitan Area” and “large corporate customers”

(The Tokyo Metropolitan Area: Transactions with corporate customers)

Strengthen initiatives for SME business through proposing comprehensive solutions in response to the management challenges of our customers

- Increase loans and non-interest income, enhance foreign exchange and remittance transactions by capturing customers' cash flows in and out of Japan

Strengthen initiatives for business-owner customers and blue-chip land and property owners, etc.

(The Tokyo Metropolitan Area: Transactions with individual customers)

Strengthen initiatives for loans to individuals, including housing loans, and make Orient Corporation an affiliate of the group (planned for 1st half of FY2010)

Increase assets under management of individual customers through collaboration among banking, trust and securities functions

Improve services and accessibility of the retail business of Mizuho Trust & Banking through utilization of Mizuho Bank's network

(Transactions with Large Corporate Customers)

Proactively be involved in corporate customers' business and financial strategies taken in response to changes in industrial structure

- Enhance non-interest income and fundamental profitability, including foreign exchange and remittance, as well as strengthening further the delivery of comprehensive solutions by fully utilizing the products function of our group companies

Strengthening of initiatives for the "Asia" region with high growth potential

Strengthen initiatives for Asia, which is a strategic region for our customers in Japan, America and Europe, by leveraging Mizuho's total global network

(Japanese customers)

Provide various solutions for global strategies of our customers, including SMEs

- Enhance businesses focused on our customers' cash-flows and trade finance marketing
- Promote ECA finance and other businesses in capturing infrastructure projects
- Improve capabilities for emerging currencies in Asia

(Non-Japanese customers)

Pursue lending opportunities with blue-chip customers in response to their financial strategy needs

Enhance capabilities for securities business

Strengthening of asset management business, mainly targeting individual financial assets and pension assets

[Individuals] Increase market share based on balance of investment products (AUM) by increasing sales mainly through group collaboration

[Pension, etc.] Strengthen initiatives primarily for corporate pensions and public corporations through share-up and share-in in existing

commissioned pension trusts primarily among our main bank customers
Provision of sophisticated financial solutions through seamless utilization of the full-line services of banking, trust and securities functions, and focus on global collaboration, M&A marketing and capital management solicitation, etc.

(2) Cost reduction through vigorous review of businesses and reallocation of management resources to focused strategic business areas

Reduce costs through unification and optimization of group's management infrastructure (G&A Expenses (3 Banks): aim to decrease by approx. JPY 50 Bn compared with FY2009), and reallocate management resources (e.g., human resources: approx. 1,000 staff) to strategic areas (e.g., the Tokyo Metropolitan Area and Customer Groups in Asia)

Program for Enhancing Financial Base

Strengthen the quality and quantity of capital and improve asset efficiency, including "significant reduction of equity portfolio"

(1) Strengthening of capital base

Maintain our current priority on "strengthening stable capital base" in light of on-going global discussions on the revision of capital regulations

Accumulate retained earnings through implementation of "Program for Improving Profitability"

Implement appropriate capital management

Consider various measures in light of regulatory developments

(2) Improvement of asset portfolio

Strategically reallocate risk-weighted assets (reduce non-customer assets, etc., allocate to strategic areas) together with "improvement of asset efficiency" and "further strengthening of risk management"

Allocate risk-weighted assets to focused strategic business areas through thorough review of non-customer assets and low-return assets

Reduce equity portfolio by JPY 1 Tn (from Mar. 2010 balance)

Improve asset quality and streamline balance sheet

Program for Strengthening Front-line Business Capabilities

Strengthening front-line business capabilities through downsizing and rationalization of corporate management functions and improving efficiency of business infrastructure

(1) Redeployment of personnel to the marketing front-line

Consolidate and reorganize corporate planning and product functions of each of our group companies. Strengthen the holding company's governing function over the group, improve efficiency of management controls and expedite our decision making, and deploy approx. 1,000 staff currently engaged mainly in corporate management functions to the marketing front-line through unification of functions

Unify group's planning functions (human resources, administration, IT systems and operations, etc.)

Review and reorganize overlapping functions in financial product areas at Mizuho Bank and Mizuho Corporate Bank

(2) Improvement of business infrastructure efficiency

Facilitate consolidation of operational processing functions under the "consolidate and improve efficiency" policy. At the same time, realize fundamental streamlining of cost structure with a focus on IT systems-related costs

Unify group's IT systems and operations units (budgeting functions, etc.) with the aim to maximize investment returns

Pursue higher efficiency through consolidation of operations across group entities, including consolidation among operational centers and within joint branches of Mizuho Bank, Mizuho Corporate Bank and Mizuho Trust & Banking

Facilitate unification of group-wide IT systems by releasing a new IT systems platform in order to realize lower future costs

3. Key Target Figures for FY2012 (March 31, 2013)
